

Credit Controller

Manchester

Purpose of role:

To manage credit risk across all areas of the business, supporting sales growth whilst minimising bad debt.

Main duties of the role

- » Management of new account take on process to include credit check of prospect, obtaining credit insurance or appropriate security and set up in all systems.
- » Maintain appropriate credit lines for existing customers to include regular reviews.
- » Daily order approval for customers with restricted credit headroom, to include obtaining pre payment where appropriate.
- » Supply side credit risk assessment as required by the business, to include financial analysis and detailed report writing on counterparties.
- » Manage relationships with commercial colleagues and internal customers.
- » Report daily to the business on headroom breaches and action taken to mitigate risk.
- » Drive continuous improvement within an environment of strong internal control and excellent customer service.
- » Dealing with internal queries about payments, ensuring customers pay on time
- » Regularly making contact with customers to ensure all relevant debts are managed as necessary
- » Support the sale ledger department if needed

Competencies and Requirements

- » Working towards Credit Management qualification.
- » Extensive experience of credit risk analysis in a business to business environment.
- » Ability to deal with difficult customers in a professional manner.
- » Good analytical skills, attention to detail and a high level of numeracy
- » Excellent ability to communicate and influence at all levels. Ability to understand problems quickly and communicate complex issues in simple terms.
- » Demonstrable track record of continuous improvements in managing, processes and systems.
- » Ambitious, enthusiastic and looking to progress within a reputable and fast moving organisation.

Nice to have:

- » Knowledge of Oracle
- » Experience of the road fuel industry
